"Housework is hard work without Gold Dust"

WASHING CROCKS AND MILK VESSELS

A great deal depends upon the care of crocks or pans in which milk is kept. They should be washed as soon as possible after being used. Rinse first with cold water, then wash thoroughly inside and out with hot water, in which enough of

Gold Dust Washing Powder

has been dissolved to make a good suds. Finish by rinsing with scalding water; wipe dry and set out, with right side up, in the fresh air and sunshine, and they will be clean and sweet.

JUDGE UPSON

Was a Noted Visitor at the Capitol Monday.

Judge William H. Upson, of Akron, who is in Washington renewing old time acquaintance, was a notable figure on the floor of the House today, where he was being introduced by Representative Dick, as a Washington special. Judge Upson was a member of the forty-first and forty-second Congresses, his service dating from 1867 to 1871. Only one man is now sitting in the House of Representatives who

was a member at the time Judge Upson served. He is J. H. Ketchum of New York. The venerable Galusha Grow of Pennsylvania, who was speaker of the House from 1861 to 1863, was not in Congress when Judge Upson was here. "Uncle Joe" Cannon came to Congress the year after Judge Upson left, while Representative Bingham, who is now the father of the House, did not come until the forty-sixth Congress.

CONTRACTS

Awarded at Last.

Work on East Market St., Begins Today.

Wildes and McCourt Successful Bidders.

Members Appointed to Health and Library Boards.

City Will Borrow Money—What Council Did Monday Night.

Work of paving East Market st. began Tuesday morning. James Wildes and P. T. McCourt are the contractors. They bid as a firm for the contract and theirs was the lowest bid. The Board of Commissioners recommended the bid to Council. President Fieberger referred the bid to the Street committee, but upon motion of Mr. Brady, a recess of 10 minutes was granted. During this time, the Council looked over the bids, the Street committee reported in favor of adopting the Board's recommendation, and Council's vote to accept the bid of Wildes & McCourt was unanimous. Mr. McCourt was present and said that work would begin today. The contract is to be completed at the expiration of 150 days.

Block asphalt will be the material used, and the guarantee is for five years. It will be recalled that the contract to pave the street was formerly awarded to Messrs. Wildes and McCourt, although their bids were separate. By re-advertising for bids, the city, and property owners of East Market st. have been saved \$1,190. Attorney A. J. Rowley was present, and remarked "I think that is a sum that well repays us for the fight we made against the acceptance of former bids. I am satisfied with results, and would be glad to see the work pushed as rapidly as possible."

Sumner Nash, another East Market st. property owner, expressed himself as satisfied with results, and urged that work be commenced at once.

The bid of Wildes & McCourt was, in the aggregate, \$1,037 more than that formerly submitted by J. J. McGowan, and \$4,100 less than formerly submitted by themselves.

A resolution authorizing the Board to contract with Wildes and McCourt was adopted. The contract was entered into last night, after the approval of the bonds.

All the bids follow:

ELECTED CITY OFFICIALS.

Two members were elected to each the Board of Health and Library Board as follows:

For Board of Health—A. H. Sargent, nominated by Mr. Koons; John A. Sharpe, of the Fourth ward, nominated by Mr. Piske. Both were elected by acclamation. The retiring member of the board is Dr. O. A. Lyon.

For Library Board—John Memmer, nominated by Mr. Sorrick; Louis Seybold, nominated by Mr. Merz; Walter T. Flower, nominated by Mr. Paul. Ballot taken resulted as follows: Member G. Seybold, 10, Flower 8. Flower and Seybold declared elected. A Democratic Council placing in position two Republican members of the Library Board, each nominated by Democrats, exhibited the manly, unselfish principles of Akron's Democratic Councilmen.

WILL BORROW MONEY.

An ordinance authorizing the Mayor and City Clerk to borrow \$48,000 for current expenses, was passed, but without remark. Mr. Paul said: "We met with the Commissioners a few nights ago to discuss plans whereby expenses of this city might be curtailed, but so far as we have been able to learn we accomplished little. I'm afraid that we'll obtain little relief under the Commissioner system."

The loan will be apportioned as follows: For general fund, \$5,000; street, \$13,000; fire, \$20,000; police, \$10,000.

It has been arranged that the loan will continue for four months and bear interest at the rate of 4 per cent.

STATEMENT BY CITY CLERK.

Clerk Ishell stated that the above amounts would serve to meet expenses

during the next four months. There are \$6,448 in the general fund at present. The street fund is now overdrawn \$9,312; the police fund is overdrawn \$1,871; the fire department, \$5,540.

PAY ORDINANCE PASSED.

An ordinance to pay claims audited May 7, was passed. Following are the claims paid:

Finance committee, bonds and interest due in April, 1906, \$4877.50.

James McGowan, estimate main trunk sewer, No. 116, \$1290.88.

S. C. McGowan, estimate main trunk sewer, No. 119, \$739.35.

Geo. B. Herring & Son, estimate Merriman st. improvement, \$1047.16.

Windsor Brothers, paving brick, Cook street bridge, \$70.38.

A. T. Paige, chairman, for fire department lots, \$11500.00.

It will be noticed that no department at claims were paid. Payment of these will likely be made at the next meeting, two weeks from last night, unless a special meeting is called.

TOWNSHIP TRUSTEE IN DOUBT.

C. C. Warner, a trustee of Portage township, was present. He announced that the trustees of the township had been enjoined from collecting funds from citizens living in that portion of Portage township recently annexed to Akron. He wanted Council and the Commissioners to stand by the trustees in case trouble should arise over collecting funds for road or other improvements.

President Fieberger announced that the matter would be looked after, but that this city would not take full charge of the streets in the annexed territory until 1902, by which time the new citizens will have paid money into the city treasury. The only improvements this city will make in the new territory, is to provide lights south on Main st. to the city limits, and North on Howard.

Mr. Paul announced that at a conference between the Finance Committee of Council, the Solicitor, the city and County Commissioners, it was decided to let the new citizens look after themselves until 1902, by which time the new tax duplicate will be in operation. AFTER A. & C. F. R. T. COMPANY. J. W. Corbett, a citizen, complained that the A. & C. F. R. T. Company had violated its franchise when it built tracks so near the curb, at the west corner of Summit and Furnace sts. He claimed that the franchise provided that the tracks should be 12 feet from the curb, and that they are not more than five feet from the curb. Referred to Commissioners, street committee of Council, Engineer and Solicitor.

WOULDN'T BE LEGAL.

Mr. Paul asked the solicitor if it would be legal to apply the premiums accruing from bond sales to the sinking fund? Solicitor Esgate replied that it would not, that money thus received should be added to the principal fund for which bonds were issued. The solicitor also suggested that it would be a good plan to sell bonds at 4 per cent, thus saving this city more by a reduced rate of interest than is gained by the premiums.

A SPRING DISEASE.

More Catarrh at this Season than in any Other.

The fact that catarrh is more prevalent in spring than any other time of the year is easily accounted for. By the sudden changes, the warm sunny days succeeded by the snow or sleet the next.

Repeated colds in the head resulting from our fleckle spring climate, very easily drift into nasal catarrh, which is at first simply an uncured cold, which finally, if neglected, causes inflammation and thickening of the mucous membrane of the nasal cavity which gradually extends into the throat and bronchial tubes and to the stomach causing catarrh of stomach.

Douches of salt water or douches of any kind very often aggravate the trouble by still further irritating the delicate membranes.

The safest remedy for colds in the head and for any form of catarrh is some simple and safe antiseptic, preferably in tablet, and taken internally several times a day.

One of the best antiseptic catarrh tablets for this purpose is one composed of Sanguinaria, Eucalyptol and Guaiacol, and sold by druggists under the name of Stuart's Catarrh Tablets.

These tablets clean the catarrhal secretion from the membranes of the nose and throat and act also very effectively upon the blood, their regular use for a few weeks entirely eliminating the catarrhal poison from the system.

The best remedies for any trouble are the simplest, and Stuart's Catarrh Tablets is a superior preparation for colds and catarrhal conditions because absolutely free from cocaine or opium so commonly found in cheap cough cures and catarrh medicines.
